2. Attachment 2 is a list of films as requested. It includes films produced by the Office of Training or by another component in conjunction with OTR for the latter's use or for that of some other Agency component. I would caution you that this list is based upon current OTR records and may not be complete. Most of these films are currently in the OTR Film Library. For those not in OTR's possession, we can provide information on their location.
